

# HEALTH, SAFETY AND ENVIRONMENTAL POLICY

The objective of our Health, Safety and Environmental Policy is to prevent all accidents, near misses, property loss, industrial health related illness and to minimise environmental damage.

We will comply with the relevant occupational health, safety and environmental legislation.

We are committed to the implementation of this policy and periodically review to ensure that it is suitable and effective.

We will provide a safe and healthy work place and will train our employees to implement this policy.

Philip Bond  
Managing Director
